BRUNSWICK BOAT GROUP SIGNS “PREFERRED SUPPLIER” AGREEMENT WITH TAYLOR MADE SYSTEMS

GLOVERSVILLE, N.Y. – Feb. 12, 2014 – Taylor Made Systems announced that it has been designated as the Brunswick Boat Group’s preferred supplier for glazed system products — windshields, doors, roof systems, hatches and hull windows. The Supply Agreement formalizes a long-standing relationship between the two organizations.

“Brunswick boat brands expect value characterized by the right mix of quality, innovation, cost, collaboration and teamwork,” said Tim Wild, Vice President Operations, Recreational Boat Group, Brunswick Corporation. “Taylor Made is a market leader and continues to be the top innovator when it comes to windshields and other glazing products for boats. As such we are very pleased to reach an agreement with them as our preferred supplier, insuring superior quality and performance of glazed systems on all Brunswick boats.”

“Taylor Made has an enduring relationship with the Brunswick Boat Group and we couldn’t be prouder of that,” said Allan Petit, President of Taylor Made Systems. “Their desire for innovation keeps our industry leading design-and-engineering team pushing forward. And no one else in our market can offer the same level of customer support and manufacturing capabilities that we can to a company that builds such a diverse array of boats as Brunswick. Taylor Made looks forward to building upon a long-lasting and mutually beneficial partnership with all BBG brands in the future.”
