TAYLOR MADE PRODUCTS TO DISPLAY CLEAR VUE LIGHTING AND DOCK EDGING AT IBEX 2016

GLOVERSVILLE, N.Y. – Oct. 5, 2016 – At the 2016 International BoatBuilders’ Exhibition and Conference (IBEX), Taylor Made Products will be showcasing new ClearVue LED Lighting and dock edging for the marine industry.

The Clearvue LED Lighting line consists of a dock light, square post light and side post light. The dock light can be easily mounted to any flat surface along the dock. It provides a warm white LED light that has a run time of up to 8 hours. The square post light is designed to set on a 4” x 4” post to provide light from above on docks. The clear plastic lens ensures durability while still allowing the solar panel to properly charge. The side post light is designed to mount on the side of any post to shine light directly on to docking surface. Simply mount the Side Post Light to any post and watch it send a pool of light to the base of the post.

Patent-pending ClearVue vinyl dock edging has the same design as our white and black dock edging, with improvements. The clear PVC allows the consumer to know that their boat will not have scuff marks or dirty dock edging ever again. They still provide unparalleled protection but the ClearVue dock edging allows for a clean cut look. Also, because the PVC is clear, we’re offering the Standard “P” shape edging that includes an interior mounted solar powered LED rope light.

“Taylor Made developed ClearVue LED Lighting to brighten dock edges and provide a light that reflects the mood of being on the water,” said David Karpinski, vice president of sales and marketing for Taylor Made Products. “Then, we developed the ClearVue vinyl dock edging

to allow the true beauty of a dock to come out. The white and black look nice, but our new clear dock edging allows the natural wood to be noticed while keeping your hull off the dock edge.”

About Taylor Made Products

Taylor Made Products (www.taylormadeproducts.com), a member of Taylor Made Group, LLC, is one of the largest and most innovative suppliers of marine aftermarket products, including buoys, fenders, boat covers, bimini tops, dock products, flags, pennants and hardware.
